In an effort to encourage good dental health and alleviate rising dental costs, we have developed an “In- House” Dental Savings Program for our patients who do not have dental insurance or find that our plan costs less than their current coverage plan. Our dental savings program provides a wide scope of benefits at an affordable price to help minimize the cost of your dental needs.

This is NOT a dental insurance plan. Enrolling in our In-House Dental Savings Plan gives you the opportunity to obtain your dental treatment exclusively at our practice for reduced fees. It cannot be combined with delta insurance or other reduced fee dental plans. The program is effective the day you sign up and your renewal date is the same date every year.
